## BOTH SIDES FOR TRIAL

Whitman and McIntyre Are Ready

### THE FORMER IS CONFIDENT

Becker's Counsel Expects a Short Case  
—Says That It Will Never Go to Jury on Murder Charge.

New York, Sept. 28.—Lieutenant Becker's trial for the murder of Herman Rosenthal will begin on Oct. 7. John F. McIntyre, Becker's chief counsel, desires to go to trial then, and District Attorney Whitman not only is willing but would move for a trial on the

## "CASCARETS" BEST BOWEL CLEANSER

No Biliousness, Headache, Sick, Sour Stomach, Indigestion, Coated Tongue or Constipation.

Furred tongue, bad taste, indigestion, sallow skin and miserable headaches come from a torpid liver and clogged bowels, which cause your stomach to become filled with undigested food, which sours and ferments like garbage in a still barrel. That's the first step to untold misery—indigestion, foul gases, bad breath, yellow skin, mental fears, everything that is horrible and nauseating. A Cascaret to-night will give your constipated bowels a thorough cleansing and straighten you out by morning. They work while you sleep—no need to get up to use them. They keep you feeling good for months. Millions of men and women take a Cascaret now and they keep their stomachs, liver and bowels regulated, and never know a miserable moment. Don't forget the children—their little insides need a good, gentle cleansing, too.

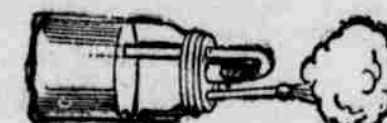

same date elsewhere if Mr. McIntyre asked for a change of venue, which, it is authoritatively asserted, he will not do. Mr. McIntyre feels confident that Becker will be acquitted or there will be a disagreement of the jury, because of the character of the witnesses and because of the legal questions involved. There are decisions in the Patrick, Molloy and other cases bearing directly upon those which will arise in the Becker case. Mr. McIntyre is confident that the law laid down by the Appellate Division in those cases will be followed in the Becker trial. If such be the case, he said yesterday, Becker never will go to the jury on the charge of murder and the Court will stop the trial before it reaches that stage.

Mr. Whitman said yesterday he was more confident than ever that Becker will be convicted of murder and that the conviction will survive any review by the courts. He declared that the stories of new evidence for Becker in Hot Springs are mere nonsense, because at the end of the special commission's hearing he asked John W. Hart, Becker's representative, if he had any more witnesses, and Mr. Hart, putting on two, announced that he had no others. One of the witnesses who has been quoted as declaring Schepps had told him a story exonerating Becker, Mr. Whitman said, is described in statements he brought home as a person wholly without reputation for truth and veracity, and so characterized by a judge of the Arkansas circuit court and other reputable officials. Mr. Hart did not call this man to the witness stand.

"Becker was in Ballsburg after the murder," Mr. Whitman said, "and the tale that he was in Hot Springs the Sunday following the murder is nonsense. There will be no conflict between the aldermanic committee and the prosecution of Becker. Mr. Burkner is not going to call any of the state's witnesses

against Becker to testify in the police department investigation. He will not call any of Becker's witnesses, either. If any of the latter should be summoned to testify I would join with Mr. McIntyre in a request that the Curran committee pass their testimony until the trial is ended."

### COLONEL IN THE SOUTH

Harlan and Bede Speak in Tennessee  
—Governor Johnson Completes His First Tour of New England.

New York, Sept. 28.—Senator Smoot of Utah has prepared some statistics which should inspire farmers to let well enough alone, when they vote in the national election. Prices of farm products have increased more than the commodities which the farmer buys. The increase on products since 1896 ranges from twenty-eight per cent. on cotton to 308 per cent. on barley, and the senator makes a striking statement of what a certain quantity of farm produce will buy in other goods used by the people.

Harlan and Bede, the Moose hunters, followed Colonel Roosevelt in Memphis and Little Rock yesterday, speaking on flood protection and waterways. Mr. Harlan called attention to Colonel Roosevelt's versatility in offering solutions for everything; but declared his plan to use "Panama canal machinery on the Mississippi impracticable, because it is not the right kind." Mr. Bede pointed to progress under President Taft's administration and advised a continuance of the administration, which would mean more work on waterways.

Colonel Roosevelt was in New Springs, where he spoke yesterday afternoon. His numerous speeches and the inclement weather have begun to tell on the colonel, and he will seek rest for a time.

Governor Johnson of California ended a three-day trip in New England, when he left Manchester at 8 o'clock yesterday morning for Boston. He has found his way to New England very gratifying and may return later to deliver a few speeches in Maine.

Governor McGovern of Wisconsin yesterday issued the expected declaration that he will support Roosevelt and Johnson for the positions for which they are candidates, but he is only a semi-Bull Moose, for he will support Republicans for other offices. He devotes considerable space to explaining why he cannot support Governor Wilson; he claims that Taft's renomination was stolen and closes with glowing praise of the Progressive party and its leader.

The little journeys in the world which Governor Wilson calls "trips" are extending in scope so rapidly that they soon may become tours. His next one will begin on Oct. 2, when he will leave New York for the West. He will go as far as Denver; he will visit Colonel Bryan, and later deliver speeches at Pittsburgh, Indianapolis, Topeka, Kansas City, Canton, O., Cleveland and several other cities.

## GREAT CYCLOPEDIA RUSH ENDS TO-NIGHT

Every Coupon Presented Will Be Honored Up to the Last Hour.

For the last few weeks The Times has been urging its readers to take advantage of its great educational distribution of Everybody's Cyclopaedia.

We postponed the withdrawal of the offer as long as we could, but last week announcement was made that the distribution would positively be brought to a close. Since that announcement there has been such a rush for these books as had never before been known.

To-night will see the close of the great undertaking, and if you do not present your coupon to-day we cannot supply you.

Taking it altogether, it has been a wonderful demonstration of The Times' "pulling" power, and an announcement will be made later of the immense number of books distributed. At the rate the books have been going for several days, it has been impossible to get an exact count.

There still remains one last chance for you to get Everybody's Cyclopaedia by clipping the coupon on another page of this issue and presenting it, according to instructions; or if you cannot reach this office, mail it before midnight to-night. It will be well worth the small expense charge, but all mail orders must be posted before 12 o'clock to-night. Clip the coupon now before you forget it.

The Rutland Light Guards celebrated their 30th anniversary Wednesday. Originally there were 101 men in the guards. Less than 30 are now known to be living.

## Dr. Hartman Says:

Write to Peruna Testimonials if You Want to Know the Truth.

The following letter was received by Dr. Hartman through his regular correspondence:

"I notice the testimonial of Mrs. Alice Bogle, which you give in your last article. If I should write to her do you suppose she would give me further particulars? I have heard it said many times that such testimonials are fakes; that they are either absolutely fictitious or else the people have been hired to write them. I have been inclined to write you a great many times, but these stories about patent medicine advertisements have discouraged me from doing so. I am afflicted with catarrh and should like very much to find a remedy such as your article describes."

To the above Dr. Hartman made the following reply:

My dear Madam: I do not wonder that you are confused and have lost all faith in advertised remedies. There has been so much said against them, so much controversy concerning them, I am not surprised that some people have lost confidence in them.

I wish you would write Mrs. Bogle, as one woman to another. I wish you would ask her whether she has been hired to write such a testimonial, whether her testimonial represents the truth.

I hope you will remember that she is a housewife, like yourself, that she has something to do besides writing letters, that she is a woman of moderate means and cannot afford to write these letters and pay her own postage. I hope you will enclose stamp so she can answer you without loss to herself. Mrs. Bogle is a very estimable lady and no doubt you will both profit by being acquainted with each other.

Should you conclude to try Peruna for your catarrh, I would be very glad to hear of the result. I can assure you that no use will be made of your letter, except by your written consent. Mrs. Bogle very kindly consented to have me use her letter, which is my reason for doing so, and you will be treated exactly as she has been.

People recover from chronic catarrh who take Peruna. There is no doubt about that. Some surprising recoveries are reported almost daily. I have thousands of them in my files.

Peruna is for sale at all drug stores. SPECIAL NOTICE—Many persons are making inquiries for the old-time Peruna. To such would say, this formula is now put out under the name of KATARNO, manufactured by KATARN COMPANY, Columbus, Ohio. Write them and they will be pleased to send you a free booklet.

Big Carload of Dwinell-Wright Co.'s Famous "White House" Coffee Arrives —Burlington Grocery Co. Stocking the Whole State.

If the 1,250,000 families now known to be using White House coffee were to pay you a visit and admit how many in each family are drinking that superb blend, your front yard might be a trifle crowded, but you'd get a pretty comprehensive idea of the tremendous popularity White House enjoys; and those of you not yet enjoying its charms would hasten to join the ever-increasing army whose watchword is "Give us White House—only and always." The Burlington Grocery Company is identified with this White House movement in Vermont, and if you'll look at the list of grocers whose names appear in the big ad. on another page, you will very likely discover that your grocer is ready to sign you up as a steady user of this the finest coffee the whole world knows.

You have a lot of things now to make the pigs thrive—small potatoes, apples, pumpkins, corn, etc., etc., and the way to cook these things is in a "Farmer's Boiler." Don't monopolize the kitchen stove, and then boiler because dinner isn't ready on time—a 50 gal. Boiler only costs \$12.50, and it will be useful for heating water when you come to dress these same pigs. Buy one of these Boilers, and you will wonder how you ever got along without it.
